22.10.2024 - 25.10.2024 | Germany, Duesseldorf

INTERNATIONAL TRADE FAIR FOR GLASS PRODUCTION - PROCESSING - PRODUCTS

glasstec is the world's largest and most international trade fair for the glass industry and its suppliers. glasstec brings industry professionals worldwide to come together and find everything that might interest them: glass production technology, glass processing and finishing, glass production, glazing, window and door making, and architecture. There is no better platform for presenting product innovations, forward-looking processing techniques and new glass applications to trade visitors from around the globe. For over 30 years this is the place where the glass industry and glass craftsmen meet to take the opportunities for future commercial success.

Categories

Glass production / production technology

- Raw material for glass production
- Auxiliary and operating materials
- Preparation of raw materials and batches
- Glass melting technology
- Forming for flat glass
- Forming for hollow glass
- Equipment for glass tube production
- Equipment for glass fibre production
- Kiln technology
- Cold end technology for float glass, laminated glass, wired glass and other types of flat glass
- Pyrolitic coating systems for flat glass
- Coating technology for hollow glass
- Conveying, transport, packing and warehouse technology
- Photovoltaic production / production technologies

Glass processing and finishing

- Cutting, breaking and snapping technology
- Drilling technology
- Edge and surface finishing technology
- Forming and bending technology
- Laser technology
- Coating technology
- Electronic display glass technology
- Insulation glass technology
- Safety glass technology

- Cleaning technology
- Auxiliary products
- Environmental protection / recycling
- Suppliers for the glass machinery industry
- Nanotechnology

Glass products and applications

- Flat glass
- Refined glass
- Automotive glass
- Solar technology
- Other glasses
- Glass and mineral fibres
- Worked flat glass
- Structural use of glass
- Extrusions
- Technical processing, treatment, finishing design
- Locking systems (for windows / doors / gates)
- Interior design and decoration
- LED technology
- Lamps

Tools, replacement and spare parts, auxiliary equipment and fittings

- Glazing tools
- Cutting, grinding and drilling tools
- Handling tools, hand-guided
- Spare and wearing parts
- Protection devices
- Working clothing
- Cable and hose drag chains
- Lifting and working platforms
- Brackets for glass applications
- Adhesive technology

Measurement, testing, control technology and software

- Measurement and control technology, sensing
- Regulation technology
- Host computer systems, IT, communication and security technology
- Software and applications for architects and planners
- Measuring and testing technology / software

Contracting, consulting, engineering, services

Research and teaching, trade literature, trade associations and organisations

- Universities and colleges
- Specialised publishers
- Trade associations / organisations

- Test institutes
- Research institutes and projects

Key Statistics

Exhibitors: 936 from 47 countries

Trade Visitors: 30,000 from 119 countries

Special Info

Cycle of event: Every two years
