

COMPAMED

13.11.2023 - 16.11.2023 | Germany, Duesseldorf

High-tech solutions for medical technology

COMPAMED is the leading international trade fair for the medical supplier industry and product development. It offers a comprehensive range of parts and components, raw materials, precursor products, equipment and technologies for medical instruments, as well as packaging and services for the medical technology industry. COMPAMED is held concurrently with MEDICA, the world's largest and most renowned medical trade fair, featuring thousands of exhibitors and attracting around 100,000 trade visitors annually. The combination of these two events offers an unparalleled opportunity to provide its exhibitors and visitors with an excellent synergy effect, allowing them to connect with potential and existing clients and suppliers from around the globe.
