

METEC

21.06.2027 - 25.06.2027 | Germany, Duesseldorf

International Metallurgical Trade Fair with Congresses

METEC is one of the world's four leading metals and metalworking trade fairs taking place parallel every three years in Duesseldorf: GIFA (International Foundry Trade Fair), METEC (International Metallurgical Technology Trade Fair), THERMPROCESS (International Trade Fair for Thermo Process Technology) and NEWCAST (International Castings Trade Fair). Top-class congresses and forums complement all these events.

METEC is the leading international industry gathering for the metallurgical technology worldwide. For companies and providers of modern metallurgical technology, the METEC is the best marketplace to make or to consolidate contacts and to win new clients. All the best metallurgy experts in the world meet here to exchange ideas and experience the latest developments and innovations of the industry, from smelting procedures to iron-making and steel production and processing.

Categories

Plant and equipment for processing prime and raw materials

Plant and equipment for iron making

Plant and equipment for steel making

Plant and equipment for non-ferrous metal production

Plant and equipment for casting and pouring of molten steel

Plant and equipment for casting and pouring of non-ferrous metals

Plant and equipment for shaping of steel

Plant and systems for shaping of non-ferrous metals

Plant and systems for environmental protection and disposal, gas purification

Electrical engineering and process control technology

Measurement and test technology

Information processing

Miscellaneous equipment for metallurgical plants and rolling mills

Steel mills

Non-ferrous metal works

Consultation, planning, services

Technical publications, technical periodicals, associations

Training

Key Statistics

Exhibitors: 2,200 from 56 countries (GIFA, METEC, THERMPROCESS and NEWCAST together)

Trade Visitors: 63,300 from 114 countries (GIFA, METEC, THERMPROCESS and NEWCAST together)

Special Info

Cycle of event: Every three years

Held together with [GIFA](#), [THERMPROCESS](#) and [NEWCAST](#)
