

EUROGUSS

18.01.2022 - 20.01.2022 | Germany, Nuremberg

International Trade Fair for Die Casting

EUROGUSS is THE European meeting place for the die-casting industry. This is the only event where exhibitors present their technologies and products for the complete die casting value creation chain. From high-tech machines and new materials to efficient services, EUROGUSS sets the trends with innovative ideas and products. EUROGUSS at the start of the year attracts thousands of die casting experts from Germany and abroad to prepare upcoming investments and find solutions for their technical requirements. The International Die Casting Congress focuses on dialogue between research and application. Experts meet during the three days of the exhibition to discuss innovative research findings and the advantages of technological applications.

Categories

Die casting foundries

Die casting machines and plants

Peripheral devices and systems

Furnaces and accessories

Moulds and accessories

Rapid prototyping / rapid tooling

Parting agents / operating materials

Alloys / metals

After treatment of castings / CNC treatment

Hardening and surface technology

Measuring / control and regulating technology

Quality assurance / control

Material testing

Drive technology

Transportation and manipulation

Environmental protection / waste management / protection of labour

Complete solutions for die casting foundries

Control systems for die casting foundries

CAD, CAM, DNC, CAE, PPS, CAQ and CASE systems

Methods of simulation and computation

Research / development/services

Engineering

Associations/technical journals

Key Statistics

Exhibitors: 754 from 36 countries

Trade Visitors: 15,000

Special Info

Cycle of event: Every two years
