

FACHPACK

24.09.2024 - 26.09.2024 | Germany, Nuremberg

European trade fair for packaging, technology and processing

FACHPACK has excelled for expertise and innovative technology for more than 40 years and can look back on a magnificent success story. It started in 1979 and has long since become one of the leading international specialist trade fairs in Europe dealing with packaging. FACHPACK presents a comprehensive program in the areas of packaging, technology, processing and logistics under one roof. Around a third of the exhibitors presents packaging materials, supplies and ancillaries. Another third focuses on packaging machinery, labelling and marking equipment, and peripheral packaging machinery and equipment. Exhibitors also present innovations in the area of packaging design, printing and processing. Offers such as conveyor, storage and order picking systems, as well as packaging logistics services complete the program.

For trade visitors: Please note that we don't issue any tickets or invitations for this trade fair. NuernbergMesse exclusively sells tickets on their website. For invitations please contact the respective trade fair team.

Categories

Packaging materials and supplies

Packaging ancillaries

Packaging machinery

Labelling and marking equipment

Peripheral packaging machinery and equipment
