HOME OF IT SECURITY - it-sa Expo & Congress

it-sa is one of the most important IT security events in the world, being the only specialist trade fair focusing on IT security in the German-speaking world. It is a perfect information and presentation platform for IT experts, project managers, developers, practitioners and managers of national and international companies. it-sa presents solutions and trends for all topics relevant to information security, network security, data protection, hardware protection and the business community. This variety is an outstanding feature of it-sa.

For trade visitors: Please note that we don't issue any tickets or invitations for this trade fair. NuernbergMesse exclusively sells tickets on their website. For invitations please contact the respective trade fair team.
