Perimeter Protection

19.01.2027 - 21.01.2027 | Germany, Nuremberg

International Exhibition for Perimeter Protection, Fencing and Building Security

Perimeter Protection presents IT solutions for integrated security systems and fencing systems. It is the only exhibition that focuses exclusively on the security of outdoor sites and facilities. Every two years security officers from the fields of local and long-distance transport, airports, football stadiums, industry, power stations, police, armed forces, architects and planners of building services source information on the latest developments in perimeter protection, fencing systems and building security. The accompanying forums and a two-day congress at Perimeter Protection also offer ample opportunities for exchanging views and talking to experts.

FOR TRADE VISITORS: Please note that we don’t issue any tickets or invitations for this trade fair. NuernbergMesse exclusively sells tickets on their website but doesn’t issue any invitation letters as they are not required for visa applications any more. Trade fair tickets are sufficient. For any further information please contact the NuernbergMesse visitor service team, email: besucherservice@nuernbergmesse.de
